

## THE REDDENS.

ON THE WAR PATH.

No sides A. T. June 1.—The Indians are at it in this territory again, causing serious proportions. Wide spread depredations indicate that there are many more than seventeen bucks, as first reported, on the war path. Word comes from W. L. Cook, of Crittenden, that he and two others were aroused yesterday morning by several rifle shots and found they were surrounded by hostile Indians. Mike Geron, one of the party, in old pioneer, and prominent citizen of Arizona was killed. The other two made their escape, pursued by the savages through the canyons. The people of Crittenden have appealed to the station agent at Niagara, saying "Lord's sake send aid." So far under command of Capt. Lee were sent immediately. A portion of the command under Agent McNatt are upon the trail of the hostiles. A courier reported that Agent McNatt ran into a party of Indians and was shot, chasing them over the hills. This seemed to be making for the Pecos river mountains and it is evident that the hostiles intend to strike the Sierra Madre mountains. Indians from California say the Indians upon M'Culloch's ranch have driven their way south. At Juan Domingo, the commandant of Magdalena, Mr. Fox, has twenty men mounted upon who leave to day to try and intercept the Indians at the principal passes along the international line. All the settlers have been notified by Gov. Morris that the Indians are on the war path.

## MAYBE IT IS A FAKE.

WASHINGTON, D. C., June 1.—No information has been received at the War Department in regard to the recent outbreak in Arizona beyond the fact that twenty Apaches have left their reservation and that Capt. Lawton is in pursuit of them with four troops of cavalry.

## Nearby News.

Special Dispatch to The Examiner.—Bucknerville, June 1.—This town is very quiet, except when Mr. J. J. C. comes in and runs against some store-barns and then there comes in the air.

Mr. N. C. Simmons very much surprised people on Wednesday, when he drove up in front of Mr. Owen's house and was unseated. He is Native English without running out of the foggy. I wish the mounted Indians had an idea to know that here where after no made twenty bucks for the air.

The ladies had another delightful social at the residence home of Colonel Burwell, who knows how to look out old Virginia hospitality. The company was highly entertained by the Mastersville string band, which remained come nine noise.

Superintendent Ellington and Assistant Superintendent Dickinson, with other officials, honored this place with a visit last Saturday, and I am inclined to think it will be often referred to this town in the future.

## Here Is A Note.

AT GLOUCESTER, ME., June 1.—The proposed library law of Maine has just received a setback in the Senate. Michael Burnsawell, one liquor dealer of this city, brought from Liverpool a large invoice of foreign distilled spirits, he closed his store last May, and entered into negotiations with importing houses in Liverpool for a supply of all kinds of distilled liquors. The government protects all persons importing liquors from foreign countries from prosecution under any state prohibitory law for selling such goods in original unbroken packages, and the dealer has landed in this city the advance lot of Irish whisky and Jamaica rum which he offers publicly at wholesale or retail in defiance of prohibition.

## Plan of Organization.

Rooms of the State Executive Committee of Anti-Prohibition—Waco May 10, 1887.—The following plan of organization is adopted for the campaign:

1. The basis of the organization must necessarily be in the precincts. To this end, the chairmen of the county committees must give their immediate and careful attention, selecting for each precinct an active, zealous friend of the cause as chairman and organizer, who will go to work at once. Precinct clubs, when practicable, should be organized, as this method furnishes an easy mode of communication with the voices and will facilitate the distribution of our literature.

2. Chairmen of county committees will furnish the chairman of the state committee with the names and post-office address of the precinct chairman in their respective counties as rapidly as the organization proceeds.

3. County chairmen will recruit and arrange for a thorough canvass of their respective counties by local speakers and it is suggested that such canvases be so arranged as to take place in June and July.

4. The expenses of the canvass in the counties will be borne by the local committees in their districts and it is suggested that funds for that purpose be raised and retained by the local authorities for disbursement. In exceptional cases, the state committee will make contributions for local expenses. If it is necessary with funds, but our friends in the several counties are expected to prosecute their canvass in their own way and at their own expense.

## Clothing Department.

Last week's altered reduced still remain, and will remain until our stock of spring clothing is liquidated, and we will not carry over. Last week's offerings drew crowds of buyers and if you want one of those new cambric shirts at \$7.00, that are reduced from \$9.00, and would like to select from a number of styles, now is the

time to buy. One soon to be advertised at \$6.00, \$4.50, and \$3.00 were in hand and a goodly number of them sold but sizes were not complete and we can't get out of the lot. The men's suits in stock, and frocks at \$8.00 and \$8.50 are all new goods and only a few left. We have added to them some odd lots left from last week that were \$1.00 and \$1.50.

Hundreds of youth girls, about twelve to seventeen, at \$2.50 and \$3.00, the five dollars being a wool and worth \$7.00. A look at them will satisfy you that they are remarkably clean. The special offerings in children's soft waist and pants will be continued. Take advantage of these bargains, you will be delighted by a rear view, and we are passing that much less stock on hand. Gentlemen looking for starch bats and gentlemans' furnishings goods at moderate prices should know that we are here to cater, and please all don't neglect looking at our last one dollar shirt in No. 16, six for \$1.50 a dozen or pleated bottoms.

## SANDER BROTHERS.

**BUSSES.**  
On your we have a few left and they must go, so come and make your selection before its too late.

## LICHTEN BROS.

OFFICE OF GENERAL COMMITTEE  
to Anti-Prohibitionists,  
Waco, Texas, June 10, 1887.

The anti-prohibitionists of McLennan County are reminded that the time has come for vigorous and thorough organization.

Chairmen of voting precincts are urged to see to it that one or more clubs are organized in each precinct and have rolls of numbers consulted to this office. When precinct chairman fail to act promptly the voters should organize and elect a chairman and send in his name.

The committee suggests also the organization of a chain in each ward of the city of Waco on next Thursday night at such places as may be designated.

We beg to remind you also that money is necessary to supply and disseminate literature the issue is important and you are deeply interested. All communications and remittances should be sent to M. C. Price, Esq., Secretary of committee.

L. C. ALLEN, Chairman County Committee.
